|---------------------|-------------------------------------------------------------------------------------------------------------|
| <b>DATE:</b>        | January 16, 2026                                                                                            |
| <b>AGENDA ITEM:</b> | Resolution No. 2026-003 – Street Light Resolution Adding Two (2) new Streetlights Along Roberts Ferry Road. |
| <b>ACTION:</b>      | Motion                                                                                                      |

**Purpose**

The purpose of this agenda item is to present a request to add two new streetlights along Roberts Ferry Road and to seek Council approval of Street Lighting Resolution No. 2026-003.

Alliant Energy Field Designer Troy Andrews provided the following materials:

- The Street Light Resolution Form
- A rough installation estimate, based on trenching and excluding frost/adverse condition charges
- Location details and specifications for the two new lights

These documents form the basis for the proposed resolution to authorize installation.

**Proposed Lighting Improvements**

According to the attached Street Lighting Resolution (No. 2026-003), the City would direct Alliant Energy to install two new LED streetlights at the following locations:

1. Northwest Corner of Roberts Ferry Road and Oakdale Blvd
2. Approximately 420 feet north of Roberts Ferry Road and Oakdale Blvd in the west right-of-way

**Specifications (per resolution form):**

- **Quantity:** 2 new lights
- **Wattage:** 72W LED fixtures
- **Pole Type / Height:** 30-ft steel poles
- **Installation Method:** Trenching (estimate does not include frost or adverse weather condition charges)

**Fiscal Impact**

Alliant Energy provided a rough cost estimate, pending final conditions. Frost or adverse ground conditions may increase the final installation cost.

**Recommendation**

Staff recommends that the City Council Approve Resolution No. **2026-003** authorizing Alliant Energy to install two new LED streetlights on Roberts Ferry Road as outlined in the attached resolution; and Direct staff to coordinate with Alliant Energy for scheduling and final cost confirmation.

**Attachments:** Resolution
