February 13, 2026**

- The work session on Tuesday night will start in closed session to continue to discuss the new fulltime Fire Chief position.
- Sheriff Kunkel and Sergeant Hynes will be at the work session on Tuesday night to review their annual report for the law enforcement contract. Included in the packet is a PowerPoint presentation reflecting the last year's activities.
- Time permitting, I would like to review some of the remaining capital improvements projects within the current FY 2025-2026 budget. If we run out of time in the work session, I will use time during my Administrator's Report.
