

**CITY OF TIFFIN
CITY ADMINISTRATOR
REPORT TO THE CITY COUNCIL
February 27, 2026**

- As mentioned at the last council meeting, the special census has been completed and the census team has vacated the city council chambers. We are taking this time to clean, paint and rearrange the room for our meeting going forward. We will have our last meeting at the Fire Station with a return to the council chambers for the March 17th council meeting.
- Boomerang is getting ready to start the next phase of the North Park Road Improvements project. Confirmed start date for the project will be Monday, March 9th. This will close the road just north of the entrance to the bus barn and a partial/temporary closure of Mopar Drive. A road closure map is included in the packet which includes the detour route.
- Friday was the deadline for the applications for the Parks & Grounds Specialists position. The City received 16 applications. Brian, Ashley and Grant will start reviewing the application next week with the intent to start setting up interviews towards the end of the week or the week of March 9th.
- I believe the FY 2026-2027 budget is complete. The proposed tax rate notice has to be submitted to the Department of Management prior to 4:00 p.m. on March 5th. I will give one last review of the budget on Tuesday night either during the work session or during my administrator's report at the end of the meeting.
