|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Community Network Access                       | The ability to request direct access to feeds from privately owned Flock Safety LPR cameras located in neighborhoods, schools, and businesses in your community, significantly increasing actionable evidence that clears cases.                                                                                 |
| Unlimited Users                                | Unlimited users for FlockOS                                                                                                                                                                                                                                                                                      |
| State Network (License Plate Lookup Only)      | Allows agencies to look up license plates on all cameras opted into the Flock Safety network within your state.                                                                                                                                                                                                  |
| Nationwide Network (License Plate Lookup Only) | With the vast Flock Safety sharing network, law enforcement agencies no longer have to rely on just their devices alone. Agencies can leverage a nationwide system boasting 10 billion additional plate reads per month to amplify the potential to collect vital evidence in otherwise dead-end investigations. |
| Law Enforcement Network Access                 | The ability to request direct access to evidence detection devices from Law Enforcement agencies outside of your jurisdiction.                                                                                                                                                                                   |
| Time & Location Based Search                   | Search full, partial, and temporary plates by time at particular device locations                                                                                                                                                                                                                                |
| License Plate Lookup                           | Look up specific license plate location history captured on Flock devices                                                                                                                                                                                                                                        |
| Vehicle Fingerprint Search                     | Search footage using Vehicle Fingerprint™ technology. Access vehicle type, make, color, license plate state, missing / covered plates, and other unique features like bumper stickers, decals, and roof racks.                                                                                                   |
| Insights & Analytics                           | Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.                                                                                                               |
| Real-Time NCIC Alerts on Flock ALPR Cameras    | Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI's National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.                                                      |
| Unlimited Custom Hot Lists                     | Ability to add a suspect's license plate to a custom list and get alerted when it passes by a Flock camera                                                                                                                                                                                                       |
